hold IT PLUS

24/7 AUTOMATED LIBRARY PICKUP KIOSK PLUS RFID SELF-SERVICE

d-tech

holdIT PLUS

The latest innovation from D-Tech International integrates RFID self-service capability with automated pickup lockers to deliver an all-in-one solution for your library's self-service offering.

The new capabilities offered by holdIT PLUS allow libraries to instantly extend opening hours and even facilitate 24/7 library services. The kiosk's easy-to-use, secure lockers allow holdIT PLUS to be located outside of your library walls, giving patrons round the clock access to reservations.

Plus, as with all D-Tech products, holdIT PLUS comes to you with our full support service and a one-year warranty.
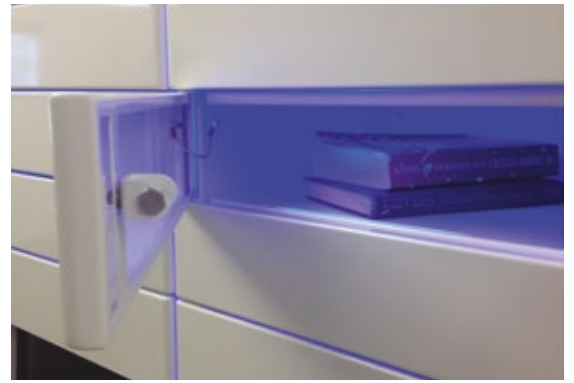

KEY FEATURES

Reservation and Pickup Lockers

- Safe and secure storage
- Large internal locker space allows for storage of various sized items
- Real time connection to LMS
- Barcode, MIFARE, Biometrics, and RFID borrower identification capability
- Smart device user identification functionality
